HANNAH: A WOMAN OF VICTORY

How to Change an Impossible Situation

"Lord Remember Me"

June 13, 2007

Introduction

What do you do when you find yourself in an impossible situation? You've tried every possible solution, and yet there are no answers. You have exhausted all your resources and you still come up empty. You have sought counsel, but to no avail. You have even prayed, but God seems to turn a deaf ear. You have no other recourse but to resolve that you face an impossible situation. Hannah is a woman who encountered great heartache because of what seemed like an impossible situation. Yet she teaches us that when we are at our lowest point, God sees, God remembers and God answers prayer.
