

VICTORIOUS DISCIPLES AT A GLANCE

WHAT IS VICTORIOUS DISCIPLES?

Go and make disciples of all nations... (Matt. 28:19)

Victorious Disciples is a discipleship/mentoring curriculum designed for the individual, group or church who desires to be strategic and intentional in spiritual growth. Consisting of five components, this study will meet the need of every believer, whether a new convert or a long time Christian, to move toward a transformed life to reflect Christ, Himself and to answer the call to make disciples. Spiritual growth, increased faith, greater dependence on God, victory in trials, the tools to disciple others and leadership development, are some of the benefits that individuals experience through Victorious Disciples.

For the church that is intentional in equipping disciples, this curriculum helps Christians identify and utilize their spiritual gifts, helps meet the needs of the body of Christ, equips the church for the work of ministry and prepares the equipped to go into the community, the ends of the earth and everywhere in between for the cause of Christ. Although transformed lives, rather than numerical growth is the goal, the former is often experienced, as the "revolving door syndrome" is significantly reduced. Following Jesus' model, you can ignite the passion of a church of any size for leading others to Christ and developing Christians in their faith, within the context of Christ-centered relationships.

***If every one disciples one,
then everyone will be discipled!***
